My pleasure, Pistì
That's of how sweetness is called

We are a story that starts from afar and reaches out to everyone.
An intuition to satisfy a desire for novelty.
An idea become reality.
We are curious, courageous, creative and greedy.
Children of the land of green gold.
Fathers of the first Pistachio spread.

We are careful guardians of tradition
and pure energy of innovation.
Artisan wisdom and tireless experimentation.
Genuineness, quality, imagination.
We are the authentic flavour of simple ingredients.
The sweet scent that draws a smile.
The irresistible recipe for happiness.

We are the Sicily of dreams and feet firmly planted
on the ground. The quest for excellence to make a difference.
The expertise of each, the strength of all.
We are Nino and Vincenzo, but also Maria, Salvo, Giusy,
Edoardo, Paola, Francesco, Adele...

We are Pistì.

**The great laboratory
of Sicilian artisan confectionery.**

**We collect the confectionery history of
Sicily to bring it into tomorrow.**

Ancient traditional recipes,
a know-how that has been handed down
over time and the unique fruits of our land
come alive with every taste
to give everywhere and to anyone
an unmistakable flavour:
that of the true Sicilian confectionery.

Sicily, sweet land

Since ever, forever.

His excellency Pistachio from Bronte

8/100

**PDO Pistachio:
from Bronte to the world
to celebrate the holidays.**

Green gold, as we call it,
born on the slopes of Mount Etna.
This Pistachio enhances
every confectionery creation,
conquers palates with its unique taste
and brings joy to Christmas tables thanks to
its irresistible emerald colour.

9/100

The raw material, first of all

Our ingredients.

On the slopes of Mount Etna
some of the most appreciated
raw materials in the world born.

The Mennula: almond
from the Syracuse area and
undisputed queen of confectionery.

The Nucidda: hazelnut from Nebrodi Mounts,
the sweetest and most fragrant ever.

The candied fruit: oranges, mandarins,
black cherries, strawberries, apricots, peaches,
in an ancient Arab recipe revisited
and modernized.

Our task?

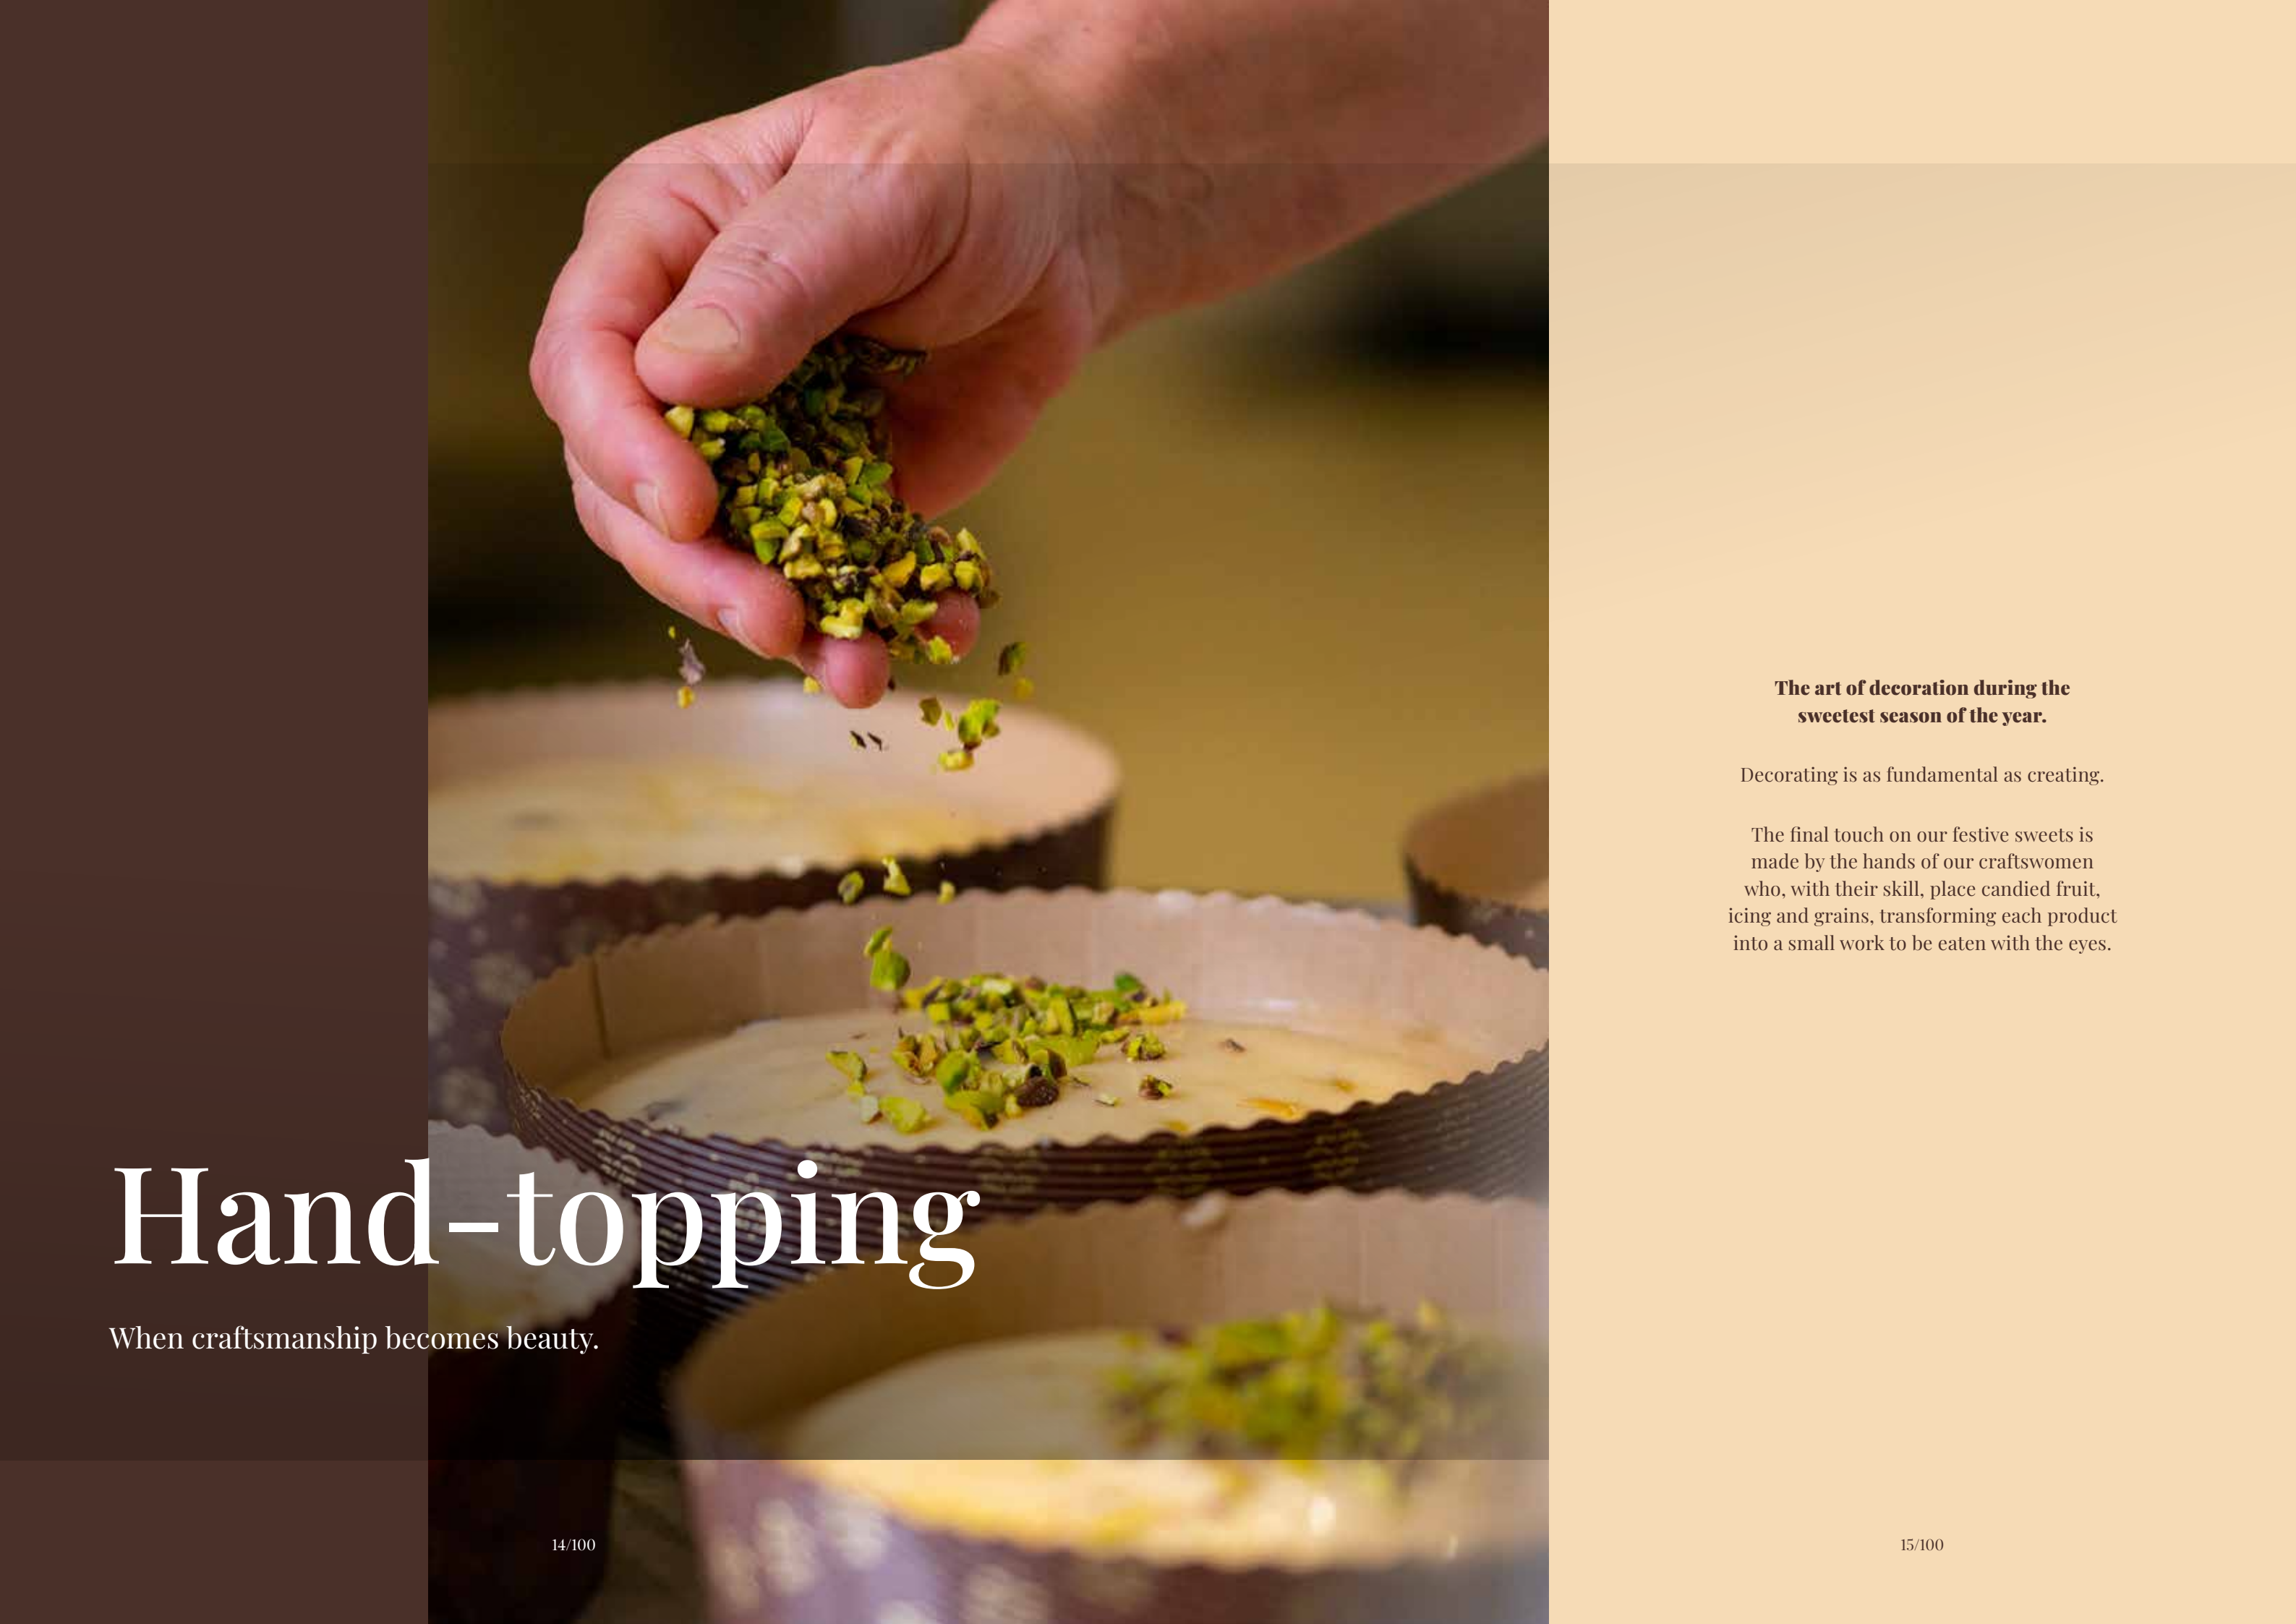

To select the best and transform them
into sweets of the highest quality.

For the dough of our panettoni we use only our mother yeast, which we nurture and carefully renew day after day.

A dedication that is repaid every time we take a new panettone out of the oven: **soft, perfumed and fragrant** to the right point.

Sourdough

Quality is in caring.

A close-up photograph of a person's hand sprinkling finely chopped green pistachios onto a round cake. The cake is in a white paper liner with a scalloped edge. Other similar cakes are visible in the background, also in paper liners. The scene is set in a kitchen with warm lighting.

Hand-topping

When craftsmanship becomes beauty.

**The art of decoration during the
sweetest season of the year.**

Decorating is as fundamental as creating.

The final touch on our festive sweets is made by the hands of our craftswomen who, with their skill, place candied fruit, icing and grains, transforming each product into a small work to be eaten with the eyes.

Artisan panettoni

Italian tradition, Sicilian taste.

A study of years, a meticulous
technique preparation
and the raw materials
that make them unique:
Pistù panettoni are the union
of tradition and typicality.
Handmade in our our laboratory,
they have delicate flavours,
high digestibility and
a compelling appearance,
ideal for those who want to
bring to the table the
contemporary spirit of Christmas.

Brontese

Excellence in every slice.

Soft masterpiece with “Pistacchio Verde di Bronte D.O.P.”

A panettone that speaks Sicilian, with unmistakable aromas and flavours in a splendid gift box.

The image consists of three horizontal strips of soft nougat, each containing pieces of pistachios and almonds. The nougat is a light cream color, and the nuts are embedded throughout. The strips are separated by thin white lines. The top strip shows a close-up of the nougat with several pistachio halves and almond pieces. The middle strip shows a similar composition with more visible nut pieces. The bottom strip shows a wider view of the nougat with scattered nut pieces.
